

Official **Renewable Energy** Partner

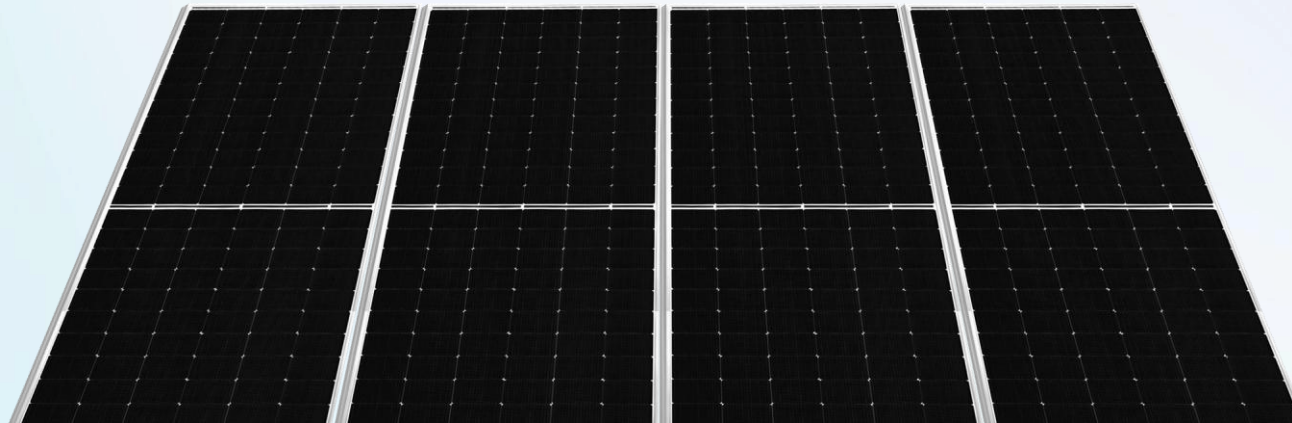

Bharat ka apna Solar,
Navitas Solar

India's Only Fully Integrated Solar Manufacturing Platform

- Founded in **2013** and headquartered in **Surat**, Gujarat, **Navitas Solar** has evolved from a solar module manufacturer into one of India's premier clean energy enterprises.
- The company operates a state-of-the-art **75-acre** fully automated manufacturing campus with a **3 GW annual module capacity**, producing high-efficiency **Mono PERC** and next-generation **N-Type TOPCon** modules.
- Navitas Solar** controls the complete solar value chain from raw materials to recycling, and is currently investing **₹1,500 Cr** in Gujarat to develop a **3.6 GW** high-efficiency TOPCon solar cell facility.

Our VISION

Our MISSION

To be a **global leader** in solar innovation, empowering sustainable progress through clean energy solutions that benefit people and the planet.

To design, manufacture, and deliver high-quality solar technologies while promoting environmental stewardship, long-term partnerships, and inclusive growth for all stakeholders.

Company Milestones

Official Renewable Energy Partner

2013

Founding & Vision

Established in Surat by visionary entrepreneurs Vineet Mittal, Saurabh Aggarwal, Ankit Singhanian, Aditya Singhanian and Sunay Shah, Navitas Solar has grown from an ambitious startup into one of India's leading solar panel manufacturers.

2017-21

Scaling Quality and Capacity

- Strengthened the value chain, by establishing **Navitas Alpha** for high quality encapsulant manufacturing.
- High Efficiency Monoperc Technology Expansion

2022

Recognized Excellence

Honored as the "Pride of Gujarat" by News18/PTI for its outstanding contribution to renewable energy by **Shri Bhupendra Patel** (Former Gujarat CM) alongside MSME Excellence & Sustainability awards.

2023-25

Strategic Expansion & Backward Integration

- Raised US **\$5 million** to expand capacity from **500 MW to 2 GW**. Introduced N-Type TOPCon bifacial modules, offering over 22% efficiency and up to 630 Wp output.
- Established **Navitas Planet** to offer turnkey EPC solutions, capturing the downstream value chain.

2026

Capturing Entire Solar Value Chain

- Expanded to 3 GW per annum solar module manufacturing.
- Announced **₹1,500 Cr investment** in Gujarat to develop a **3.6 GW** high-efficiency TOPCon solar cell facility.
- Developed 200 MW EPC Pipeline in **African Continent**.
